Counts of Islamic Mosques, Buddhist Temples, Liquor Stores, and Night Clubs by City

As addressed last month’s newsletter, these Gwinnett locations are places folks struggle doubting:

**What** is the real meaning to life on this earth?

**Why** am I even on earth?

**When** will answers come to my prayers?

**How** will I ever have peace of heart?

**Where** am I headed after the grave?

In the midst of their multiple roadblocks of trials, disappointments, loneliness, doubts, wrong decisions, they never consider **WHO** is behind this amazing world and endless Universe? **WHO** covers all the questions man could ever dream up? God, through His Son Jesus Christ, is their beam of Light on their territory where they are, but just turn Him off on purpose.

This booklet, **“Greasy the Robber”** is being mailed to all Mosque, Buddhist, Hindu, Liquor store, and night clubs with this short letter added – **“AMAZING TRUE STORY YOU NEVER WILL FORGET!”**.

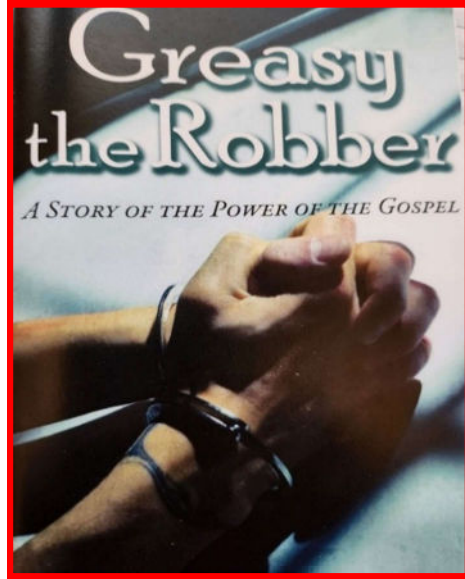

**Enclosed** is a self addressed envelope to one of these locations. Please pray for and send your letter to them what God has put on your heart from your own personal salvation testimony. If you want a free copy of this amazing story booklet, call me at 770-865-1367 or email us at [davidburgher@bridgethegapministries.org](mailto:davidburgher@bridgethegapministries.org)

# AMAZING TRUE STORY YOU NEVER WILL FORGET!

**“Greasy the Robber”** – the most suspenseful and amazing true story I have ever read! So powerful it is worth sharing with you. **Here is why.**

Our Gwinnett Co. Courthouse is the centerpiece of the county to institute justice and mercy. You may not know, but it all began around 1455 BC when God told Moses to physically set up His justice and mercy system a tent “Tabernacle” in the desert on the way to the promised land. This criminal justice accountability has literally covered every county in every nation.

This is why God established a worldwide court system verifying His judgment. It is a visible picture that every person God created on earth are guilty of breaking **God's perfect 10 Commandments**. How ironic it is we all “expect perfection” from God in His formation of trillions of galaxies right down to the trillions of body cells He built us. Yet we forget that all 8 billion people He created are all on death row. There are no good deeds or beliefs strong enough to escape us from **death row**. It is a pretty big

As a court hall Chaplain in Gwinnett Co. Courthouse for the past 20 years, it has been an amazing place to pray with countless folks at their most troubled criminal consequences, yet can result in miracles of changed hearts through repentance and salvation. How could that be?

It all starts with what got them there. We all are born into sin from the beginning of time. This lead all mankind to an endless mixture of poor beliefs, poor relationships, and poor decisions/actions. The common cover up from pending consequences is usually working harder to be good enough, ritual religious practices, alcohol, drugs or more crime. Surprisingly it all becomes a fuel for their fire not their rescuing Savior.

defiance to gamble knowing that the total sum of our best behavior will give us a license to escape the grave. **Tomorrow could be your LAST DAY.**

The court halls on earth are our daily reminder there is a unannounced court date with death. We will be escorted into God's courtroom guilty as charged to stand before our Holy God the Judge of all judges. The consequences of death is inescapable to a horrible eternal flames.

**But God, in His amazing love**, has already provided His Attorney, Jesus Christ, God's Son in flesh to literally take our eternal punishment by death on the cross. He conquered the grave for us if you repent and accept Him as Lord and Savior. **Enclosed “MY ATTORNEY”**

## PRAY FOR THE KENYA PASTORS AS THEIR JOURNEY TO MEET TOGETHER IS BY FOOT !

David,

Had to coordinate my fellow pastors from the day you shared with me about coming together and praying for our families, churches, and the nation at large and Judges.

This morning I had the privilege to have 34 pastors coming together to sharpen one another in fellowship. You gave me the assignment if I can find a few pastors with a passion for praying for the Nation of Kenya and tell others the importance of this as church ministers or judges. They came, and we prayed together in 3 hours since we didn't have a cup of coffee, we had to break and go back to our home.

Pastor, *Thomas Chacha Maroa*
